*Our Story*

*Our goal at Driftaway Cafe is to provide you with a home away from home atmosphere. When we originally decided to open our own Coffee Shop, it was because we believe life is too short to drink bad coffee. It was the love of coffee that helped us form a bond early on in our relationship. One of our greatest joys is sitting outside on a beautiful day drinking our favorite coffee, talking, and simply enjoying each other's company. So, we decided what better way to share that joy than with the neighborhood.*

*We hope to bring the neighborhood a warm, friendly, comfortable, faith driven, healthy environment, where our customers plan to return many times throughout the years.*
